Employment:

Feb. 09 – Apr 09

Technical Web Developer, The Civic Trust

Working as part of the IT team, responsible for creating new systems for staff and members, maintaining current websites, newsletter creation, and server performance tuning.

Sept. 08 onwards

Studying for B.Sc. Internet Computing, University of Liverpool

This requires a level of dedication and a large amount of self-directed study. The course also involves working together in group projects and writing well-structured, complex documents.

Sept. 08, and now

Freelance Web Developer, The Cafe Bar Ormskirk

I created a restaurant for a well established and popular restaurant / bar, which included Google Maps integration and a custom built content management system for the staff to manage events, and photo galleries.

Sept. 07 – Sept. 08

Stockroom Assistant, Argos Widnes Green Oaks.

I performed various administrative tasks, and the behind-the-scenes duties that are required for the smooth running of a store. I also dealt with customers, and customer complaints.

May 2005 – Jan 06

General Assistant, "The Village Shop"

Gained Till training and general confidence when dealing with customers. Worked well with the other staff to maintain a good level of speed and efficiency.

Other Skills:

- Good knowledge of the French language
- Full Driving license – no points
- Proficiency in various Office Suites (eg. MS Office) and ability to create good quality, well structured documents
- Sound mathematical knowledge and experience

Achievements:

Aside from academic qualifications, I also received the following awards:

- St John's Shield for Languages
- Junior Sports Leader Award
- Riverside College Award for Modern Foreign Languages
- Many "100%" attendance awards
